

Workwear Solutions

Every day we help over 100,000 people get ready for work with clean, freshly laundered workwear

Taylors Servicing the Business and Industry Sector

Taylors is one of the largest commercial launderers in New Zealand. We cover the full spectrum of laundering and management of linen and workwear, specialising in managed workwear and uniforms, linen and laundry supply and linen sterilisation.

Each day Taylors help over 100,000 people get ready for work with clean, freshly laundered workwear in factories and workshops, aged care facilities, public and private hospitals, hotels, restaurants airlines and retail outlets.

Our organisation comprises a team of specialist with advanced

expertise and knowledge with a hands-on approach to optimise spend on workwear solutions.

Our specialised knowledge and expertise enables us to deliver significant value add and cost savings to our customers through efficient management and monitoring of utilisation, product rationalisation and textiles management.

A partnership with Taylors ensures you achieve the best value for your investment, whilst accessing the best products and laundering service. This allows you to concentrate on your core business

Sustainability

At Taylors, sustainability means being environmentally sustainable and includes the safety of people and sustained growth. With high standards for environmental performance in everything we do, Taylors sources alternative textile and laundering techniques, including water re-use and energy savings, to minimise our overall impact on the environment.

Our approach to sustainability also encompasses well being initiatives for our staff and support for the wider community.

Benefits Taylors will bring to you:

- Hassle free workwear management
- Competitive and comprehensive workwear
- Flexible cost effective laundry solutions
- Reliable pick up and delivery service
- Tracking and management reporting for improved inventory control and cost savings
- Workwear repairs and maintenance
- Professional team of Customer Relationship Managers
- National laundry network

The Solution

Rent, lease or own your own

Taylor's offers a choice of laundry solutions to suit your requirements. You can rent, buy or lease from our comprehensive workwear range or you can provide your own workwear and leave the laundering to us.

Workwear rental

Renting workwear from our comprehensive stock supported range accommodates staff turnover and fluctuations; we adjust your workwear requirements accordingly.

Damaged or worn items are replaced when required or when a size change is necessary. We maintain high presentation standards through the delivery of the correct quantity, size and type of workwear items to you. Rental is an effective workwear solution when you have a dynamic workforce.

Customer owned workwear solutions

Workwear represents a significant investment, so you need to know you've made the right choice. If you wish to purchase and supply your own workwear, we can help with that too. We offer a customer owned solution to give you control over your workwear.

We can make your purchasing decisions simple. Our workwear specialists can help you make the right choices from our comprehensive range of industrial and manufacturing workwear. We support you with a complete laundry and workwear repair service.

Making it easy

Our customised solutions eliminate the hassles of managing the laundering, maintenance and replacement of staff workwear. We scope your workwear requirements, fit your staff and customise a pick-up and delivery service to ensure you always have the right workwear, clean and ready.

No upfront outlay

Outsourcing the management of your workwear to Taylor's is easy and cost effective. There is no capital outlay with our workwear rental program as we invest in the items you need such as workwear, lockers and soiled and repair storage bins.

No repair costs

Full fully managed garment models, ongoing repairs and maintenance of workwear is part of our service to you to ensure that the presentation of your staff workwear is professional, well maintained and safe.

Comprehensive range

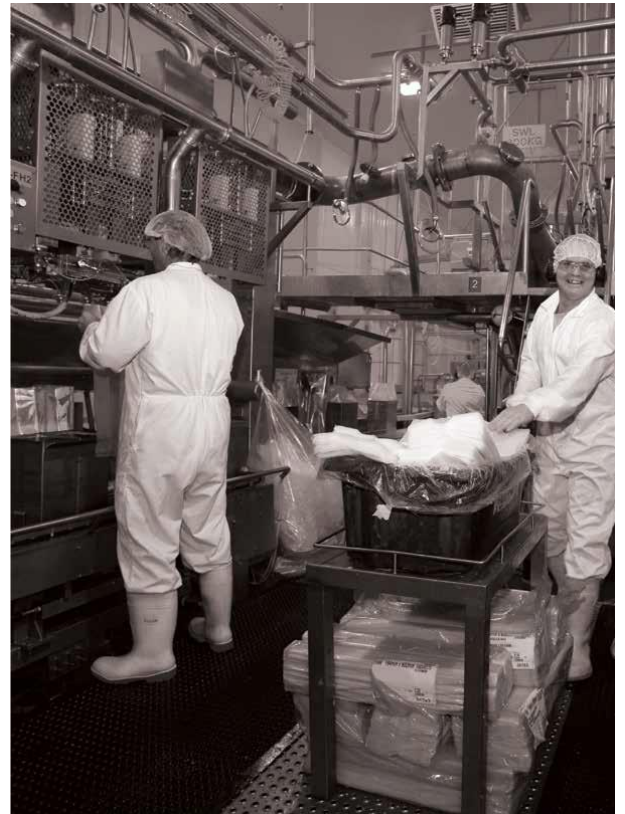

With a comprehensive range of industrial and traffic management compliant garments to suit all your needs.

High visibility

High risk, sensitive work environments demand the best in proactive OH&S management. Taylor's helps make your workforce visible. Every year we provide over 70,000 new items of compliant high visibility and brightly coloured workwear for mining and manufacturing, construction, transport and the food industry.

We utilise our inhouse design expertise and partner with industry experts in fabrication and safety compliance to supply durable and long lasting materials.

We utilise our inhouse design expertise and partner with industry experts in fabrication and safety compliance to supply durable and long lasting materials.

FLOORCARE

Taylor's provide a full range of floor care mats and accessories that have been specifically engineered to meet the demands of industrial, commercial, institutional and busy public environments.

Ideal for high traffic and other tough treatment areas, our mats will minimise the effects of everyday wear and tear. Our rental supply service including laundering and ongoing mat maintenance can help you maintain a clean and safe workplace.

HYGIENE SERVICES

Hygiene Services go hand in hand with providing your workforce with clean, freshly laundered workwear.

Taylor's also have you covered for all your washroom and hand hygiene needs. Whether it's hand sanitising, hand drying or sanitary waste, we can take care of it all.

The innovative dispensers we use are designed to offer maximum hygiene protection with minimal environmental impact.

Unlike other hygiene product suppliers, we offer a professional on-site hygiene service to customers nationwide. Our service frequencies are tailored to meet your needs. This ensures everything is running smoothly and allows you to easily manage your protection through one provider and receive a consistently high standard of service and support.
